

Project Details

PROJECT NAME	Rocklea Station
PROJECT LOCATION	Rocklea, Brisbane
CASA ROLE	Structural Steel subcontractor
CLIENT	Queensland Rail
CONTRACT VALUE	\$3,500,000
PROJECT COMPLETION DATE	November 2023
CONSTRUCTION MANAGER	Peter Casa
PROJECT MANAGER/CONTRACT ADMINISTRATOR	Karl Vogt
SITE SUPERVISOR/SITE MANAGER	Michael Major

Project Scope

CASA engaged to supply and install platform structures as part of the Rocklea station refurbishment. Structures included a 40m footbridge, bridge support columns, canopies and stair towers. The footbridge required off site preassembly of the structure and partial fitout to reduce the disruption to rail services.

Key points

- Works completed in suburban Brisbane
- Works fabricated to MRTS78 specification
- Installation occurred during weekend closure of rail and local roads
- Footbridge made up of three sections which was fitted out prior to lifting into position
- Footbridge installed without the need for temporary works, therefore reducing the rail closure time
